

Colour Art Photo

50 år i Danmark
1974 - 2024

På Colour Art Photo's vintermødet 2024 vil du blandt andet kunne opleve følgende foredragsholdere

AI – det som alle taler om – og det som alle gerne vil vide mere om

Martin Kirchgässner www.kirchgassner.dk tager os med ind i AI verdenen

Lørdag den 9. marts 2024 - kl. 09:15 – 15:00

Vi kigger på eksempler og teorien bag AI og text-to-image-generatorer.

Vi kigger på professionelt brug af AI.

Vi tager en indflyvning i Discord på vingerne af Midjourney og laver vores første prompts.

Herefter laver vi fælles øvelser, og vil man deltage LIVE så skal man have en egen konto hos Midjourney klar.

Droner der flyves super professionelt – det alle med droner drømmer om

Dane Grace www.danegrace.dk tager os med i luften og behind the scenes

Lørdag den 9. marts 2024 - kl. 15:30 – 17:00

Dane Grace er med sine 22år Danmarks dygtigste dronepilot. Han har arbejdet for National Geographic, BBC Earth, Badehotellet, Audi, Porsche, RedBull, Samsung og lavet optagelser til adskillige spillefilm. Han startede med at bygge droner selv for at deltage i droneræs, hvor han i 2019 vandt World Drone Cup. Sidenhen har han bevæget sig ud i filmbranchen og er et af de mest kendte navne inden for dronefotografi i Nordeuropa.

På vintermøde vil han fortælle om sit arbejde og vise flere af sine fantastiske dronefilm, og måden de er blevet til på.

Behind the Scenes med National Geographic:

Art line meets Hypstamatic

Rolf Sutter <https://rolfsutter.com> Schweiz.

Søndag den 10. marts 2024 – kl. 09:00 – 10:00 (dette foredrag er på engelsk)

Ejer og administrerende direktør for FOTOGRAFICA, studiet for visuel kommunikation.

FARVEKUNSTFOTO Goldmaster siden 2020

Underviser på inter-company kurser i fotoindustrien

Ud over sit daglige arbejde inden for erhvervslivet og portrætfotografering viser Rolf Sutter os freelanceværker, der er inspireret af hans årlige rejser til Arles i det sydlige Frankrig. Siden sin uddannelse i grafisk design har han været fascineret af linjer, tegn og symboler. Disse elementer udvider hans fotografiske arbejde og giver billederne deres helt egen karakter.

Fra portræt til rent eventyr med <https://www.marquard.photography/>

Steen Marquard tager os med på en rejse fra portrætfotograf til cosplay

Søndag den 10. marts 2024 – kl. 10:15 – 12:15

Steen Marquard arbejder med alternative modeller og såkaldte cosplayers, som han i Photoshop bringer ind i det fiktive, visuelle univers de stammer fra. Steen vil fortælle om sin rejse fra portrætfotograf, over til at arbejde udelukkende med cosplay-genren, og at skabe univers omkring denne type modeller. Der vil være en række eksempler med gennemgang af billedet lag for lag, så hele processen vises og tankeprocessen bag forklares. Sidst, men ikke mindst, vil der være vinkling til tanker om AI og fremtiden for Photoshop-manipulationer - og selvsagt rigelige muligheder for spørgsmål.

Sparring og ikke mindst socialt samvær med dygtige kollegaer

Det er her at Colour Art Photo som en samling af de dygtigste professionelle portræt, bryllup og reklamefotografer i Danmark viser hvad der gør foreningen så stærk. Det er den personlige snak mellem kollegaer om de udfordringer man måske har, der måske kan løses her. Vi deler små tip og tricks om salg, kvaliteten af produkter, ofte med fokus på den optimale holdbarhed på billederne. Fotograferne er kreative og fotograferer i mange stilarter.

Colour Art Photo er et frivilligt samarbejde mellem professionelle portrætfotografer.

Colour Art Photo blev etableret i Danmark i 1974 med det formål at højne kvaliteten af farveportrætter.

For medlemmerne afholdes løbende kurser og seminarer i fotografering. Der er et stort socialt samvær i løbet af året for fotograferne. Vi har et velfungerende forum hvor vi kan spare med hinanden i det daglige. Desuden afholdes der hvert år en billedkonkurrence, som er af uvurderlig betydning for både den faglige og kvalitetsmæssige udvikling.

Colour Art Photo's medlemmer er frie og selvstændige fotografer, som har vilje og evne til at skabe de bedste resultater for kunderne og for sig selv.

Vintermøde Colour Art Photo 2024

Lørdag den 9. marts 2024

09.00 Ankomst og brød og kaffe og te og frugt

09.15 AI – det helt nye værktøj med Martin Kirchgässner

10.15 Pause – hent kaffe og frugt

10.30 AI - fortsat

12.00 Frokost

13.00 AI – workshop med øvelser på egen PC

15.00 Kaffe – te - frugt og snak med kollegaer

15.30 Dane Grace – Danmarks mester i droneflyvning

17.00 Snak med kollegaer – indtjekning og omklædning til festtøj

19.00 Velkomstdrink og fællesfoto

19.30 Fest middag 3 retter – med 3 genstande (øl – vin – vand)

21.30 Præmie uddeling i billede konkurrencen

Søndag den 10. marts 2024

07.00 Morgenmad

08.45 Udtjekning fra værelser

09.00 Rolf Sutter foredrag

10.00 Kaffe – te – frugt

10.15 Steen Marquard

12.15 Frokost

13.00 Registrering til Generalforsamling KUN for medlemmer af CAP Danmark

13.15 Generalforsamling KUN for medlemmer af CAP Danmark

14.30 Kaffe - te – frugt hentes

14.45 Generalforsamling fortsat

16.00 Tak for denne gang

Praktisk information

Dato og sted:

9. & 10. marts 2024 på Kursuscenter Knudshoved, Fyrvej 1, 5800 Nyborg – Fyn - Danmark

Priser/prices:

Medlem af CAP Danmark

CAP medlem med dansk CVR lørdag + søndag inkl. fuldt program	Kr. 2.700,- *)

CAP medlemmer til Early Bird medlemspris *) kr. 2700,- **SENEST 30. januar 2024**

Sidste frist for alle med tilmelding er 8. februar 2024 til butik@lorentsen.dk.

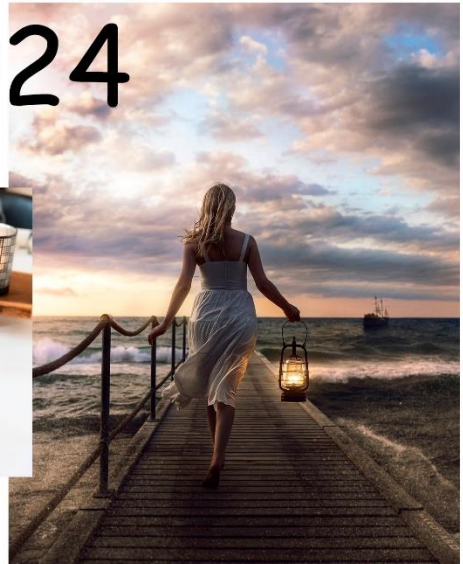

Generalforsamling:

Der er gratis adgang til generalforsamlingen hvis man som medlemmer af CAP har betalt kontingent og ikke er i restance.

Colour Art Photo

50 years in Denmark
1974 - 2024

At Color Art Photo's winter meeting 2024, you will be able to experience, among other things, the following speakers

AI – what everyone is talking about – and what everyone wants to know more about

Martin Kirchgässner www.kirchgassner.dk takes us into the world of AI

Saturday 9 March 2024 - at 09:15 – 15:00 (this lecture is in Danish)

We look at examples and the theory behind AI and text-to-image generators.

We are looking at professional use of AI.

We take a flight into Discord on the wings of Midjourney and make our first prompts.

After that, we do joint exercises, and if you want to participate LIVE, you must have your own account with Midjourney ready.

Drones that are flown super professionally – the dream of everyone with drones

Dane Grace www.danegrace.dk takes us in the air and behind the scenes

Saturday 9 March 2024 - at 15:30 – 17:00 (this lecture is in Danish)

At the age of 22, Dane Grace is Denmark's most skilled drone pilot. He has worked for National Geographic, BBC Earth, Badhotellet, Audi, Porsche, RedBull, Samsung and made recordings for various feature films. He started by building drones himself to participate in drone races, where he won the World Drone Cup in 2019. Since then, he has moved into the film industry and is one of the best-known names in drone photography in Northern Europe.

At the winter meeting, he will talk about his work and show several of his fantastic drone films and the way they were made. Behind the Scenes med National Geographic:

<https://www.facebook.com/natgeodanmark/videos/890215392718374>

Behind the scenes med SailGP: <https://www.instagram.com/p/CzT1TYutmSz/>

Art line meets Hypstamatic

Rolf Sutter <https://rolfsutter.com> Schweiz.

Sunday 10 March 2024 - at 09:00 – 10:00 (this lecture is in English)

Owner and CEO of FOTOGRAFICA, the studio for visual communication.

COLOR ART PHOTO Goldmaster since 2020.

Lecturer on inter-company courses in the photo industry.

In addition to his daily work in business and portrait photography, Rolf Sutter shows us freelance works inspired by his annual trips to Arles in the south of France. Since his education in graphic design, he has been fascinated by lines, signs and symbols. These elements extend his photographic work and give the images their very own character.

From portrait to pure adventure with <https://www.marquard.photography/>

Steen Marquard takes us on a journey from portrait photographer to cosplay

Sunday 10 March 2024 - at 10:15 – 12:15 (this lecture is in Danish)

Steen Marquard works with alternative models and so-called cosplayers, whom he brings into the fictitious, visual universe they originate from in Photoshop. Steen will talk about his journey from portrait photographer to working exclusively with the cosplay genre, and creating a universe around this type of model. There will be a number of examples with a review of the image layer by layer, so that the whole process is shown and the thought process behind it is explained. Last but not least, there will be an angle for thoughts about AI and the future of Photoshop manipulations - and of course plenty of opportunities for questions.

Sparring and, not least, socializing with talented colleagues

It is here that Color Art Photo, as a collection of the most talented professional portrait, wedding and advertising photographers in Denmark, shows what makes the association so strong. It is the personal talk between colleagues about the challenges you may have that can perhaps be solved here. We share small tips and tricks about sales, the quality of products, often with a focus on the optimal durability of the images. The photographers are creative and shoot in many styles.

Color Art Photo is a voluntary collaboration between professional portrait photographers.

Color Art Photo was established in Denmark in 1974 with the aim of increasing the quality of color portraits.

Regular courses and seminars in photography are held for the members. There is a large social gathering during the year for the photographers. We have a well-functioning forum where we can save with each other on a daily basis.

In addition, a photo competition is held every year, which is of inestimable importance for both professional and quality development.

Color Art Photo's members are free and independent photographers who have the will and ability to create the best results for the customers and for themselves.

Winter Meeting Color Art Photo 2024

Saturday 9 March 2024

- 09.00 Arrival and bread and coffee and tea and fruit
